Statement of Reason:

Board of Education Special Meeting held on August 18th, 2009-a motion was made and passed, but was ignored and public comment was disallowed in violation of the Board's Policies & Procedures.

Justification of Conduct in Office:

Based on the recall statement, it states that I denied communication at a special school board meeting. I would like to clarify this statement by saying I voted yes for communications to be put on the agenda. I am an honest and fair person. I want the best for our students and I am also aware of the need to be responsible with the district's money. I would like the opportunity to continue serving on the Standish-Sterling school board. I want to help give our students the education they need and deserve. Thank you.

Statement of Reason:

Board of Education Special Meeting held on August 18th, 2009-a motion was made and passed, but was ignored and public comment was disallowed in violation of the Board's Policies & Procedures.

Justification of Conduct in Office:

I was elected on the school board to serve the students, community and district in a positive manner. I feel that I have done this with honesty & integrity.

The recall is based on false accusations. It states that I denied public comment at the special meeting on August 18th, 2009. In fact, I voted yes for public comment to be heard. I have always based my decisions on the information that I was given and voted accordingly. My first priority is and always will be the students.

In these economic times, cuts have had to be made to be fiscally responsible to the taxpayers. We must protect our fund equity because the state continues to cut monies from education.

My interest is and always will be for the students and the Standish-Sterling School District. I would like to continue to serve on the Standish-Sterling School Board.

Thank you for your support. Kim Koin

Board of Education Special Meeting held on August 18th, 2009 - a motion was made and passed, but was ignored and public comment was disallowed in violation of the Board's Policies & Procedures.

Justification of Conduct in Office:

Our goal for the school district has been to be fiscally responsible to the taxpayers of this district while striving to provide a higher level of education for our children.

The board has saved the district almost two million dollars, with no one getting laid off, and virtually all programs kept intact. I voted for the buyout of retirement-eligible employees to prevent layoffs. Our fund balance is our safety net. Lowering our fund balance puts our district in the dire straits that many other districts are now facing.

Recall members have continued their self serving ways by protecting family members from layoffs rather than running for board office during the normal election cycle, which has brought about this recall election that will come at substantial cost to the taxpayers of this community.

I have done nothing wrong to warrant a recall election. I have done everything with honesty and integrity. The recall people have continued to spread false statements about me and the school district. Help me continue to put the future of our children first.
